

To whom it may concern; I have read about what hollywood and others have in mind and to this end I write. I feel that these folks are taking on too much in the form of their desire to control the general public. I therefore ask you not to give into these people. For they will destroy the very idea that the constitution states, LIFE, LIBERTY, AND THE PURSUTE OF HAPPYNess. I believe that if we give into them then they will continue to chip away at freedoms that we hold so dear. thank you

Rev.Charles Hendrick
